## NO. 1 SONG

**Little Big Town** should have a significant buzz by now! Eighteen weeks of "Day Drinking" has brought the beloved Capitol Nashville quartet to the top of the *MusicRow* Chart this week.

It is the first single from *Pain Killer*, an album set for release October 21. Writing credits for the single come from **Troy Verges, Barry Dean** and the group's **Karen Fairchild, Jimi Westbrook** and **Phillip Sweet**.

**Jay Joyce's** wistful production is mesmerizing, almost anthemic for a Sunday fun day, or a weekend feeling the breeze of the water. *MusicRow's* **Robert K. Oermann** [noted of the single on June 25](#), "Audio addiction. A summer smash."

An industry-only crowd will gather in Nashville on Thursday (October 2) to hear LBT perform the forthcoming project before the band hits the promotion trail prior to release. Although the *Pain Killer Tour 2014*, featuring the talented **Brett Eldredge** and **Brothers Osborne**, will only reach audiences as far as the Mountain Time Zone (Denver, Co.), the quartet will hit TV airwaves during the 48th Annual CMA Awards on November 5.

## Voices Of Independent Promotions

**Al Brock/Owner-CEO Spin Doctors Music Group,**  
Nashville, TN

### How did you get into the radio promotions business?

I moved back to Nashville after a successful 40 plus years in radio and wasn't 100% sure what I wanted to do. A few artist friends asked me to help get their songs played, and I started working records to radio.

### What is your favorite thing about your work?

Working with indie artists and creative radio guys who love this music and are committed to excellence.

### What is best about working with the *MusicRow* Panel?

Indie and emerging artists get a decent shot and it's a very active reporting panel with programmers that make music decisions based on their gut and often take chances on a new artist's music.

### Tell us about one of your proudest accomplishments?

We are proud to have been a part of Robby Johnson's success with "South Of Me" reaching the Top 20. Plus the high quality of artists we've worked with during the nearly 5 years we've been in business.

### What is an interesting fact about yourself?

I am a walking encyclopedia of '60s and '70s Top 40 music and can tell anyone the year a song came out, what label it was on, and where it charted. And I'm also a grandfather to three amazing grandchildren.
